

ABOUT **AG BROKERAGE** SOLUTIONS

Ag Brokerage Solutions (ABS) is a wholesale brokerage that provides access to a variety of carriers and coverage options which allows our agents to broaden the protection they offer.

By utilizing ABS, agents can provide Complete Farm Insurance Solutions™ backed by outstanding service and strong relationships. ABS fulfills the needs of their customers and gives agents an advantage.

Helping You Grow

ABS is continuously establishing new relationships to expand access to insurance solutions that meet the needs of America's farmers. No matter how niche or unique your coverage need is, we're here to help.

HELPING TO FEED THE WORLD

At ABS, giving back and serving those in need is an integral part of our identity. We have partnered with Meals from the Heartland to support those facing hunger in local communities and around the world. For every account we place through ABS, we will donate three meals to someone in need.

COMPLETE COVERAGE SOLUTIONS

FARM AND RANCH

Your farm or ranch presents unique exposures that aren't always protected by a standard personal lines policy. ABS provides tailored Farm & Ranch protection for the wide variety of risks your family farm faces, from the heritage farm to the new machinery that is crucial to its success.

PET

As we know, pets are part of our families, and their care is a priority. At ABS, we believe you shouldn't have to make difficult decisions regarding your pet's medical care because of financial considerations. Ease your mind with our pet insurance solutions, which help reimburse for certain veterinary costs, like those associated with wellness visits, vaccinations, accidents, and illness.

WORKER'S COMP

Workers' compensation insurance helps you manage work-related injuries to your employees so they can recover and come back to work more quickly. These policies can help cover medical care and lost income for your employees, as well as provide liability for you for covered claims.

PERSONAL LINES

ABS offers personal coverages to protect from unforeseen losses on valuables - from collectibles and classic cars to motorcycles and watercraft, and more. High Value Personal Lines are designed to protect the assets of high-net worth individuals, with coverage catered to their distinct needs.

ANIMAL MORTALITY/LIVESTOCK

Animals are a valuable part of your operation. Let us help you protect your assets and investment. An Animal Mortality policy provides you with coverage for all risks of full mortality to working dogs, alpacas, sheep, cattle, and bucking bulls, among others. We can also insure exotic animals.

TRANSPORTATION

Transportation plays a vital role in the agriculture industry. It also faces unique risk exposures. ABS connects you to transportation coverage solutions that manage and mitigate your specific risk factors, which means improved safety and more peace of mind for everyone.

AGRIBUSINESS

Running an agricultural operation has always carried inherent risks. ABS provides catered coverages for those operations such as livestock and dairy, hog confinements, hay growers, cotton gins, and more. Insurance protection is also available for Agritainment businesses, including pumpkin patches and pick-your-own farms.

EQUINE

Horse farms and ranches need specialized insurance coverage for horse-related risks. ABS will customize a policy to fit the unique needs of any equine operation. For horse owners, equine liability insurance is specifically designed to protect against injury or damage caused by your horse.

LOOKING FOR OTHER COVERAGES?

In addition to our primary brokered lines, ABS partners with trusted carriers so agents have access to offer truly complete coverage solutions. No matter what kind of risk your customer carries, find coverage to fit their needs.
