Umbrella Program Description

A Personal Umbrella Liability policy can be issued in the name of an individual who meets eligibility requirements and maintains the necessary types and limits of underlying insurance, as outlined on Page – 1 of this manual section.

Note:

NO POLICY OR COVERAGE MAY BE BOUND WITHOUT AUTHORIZATION FROM THE COMPANY.

Form UM 0001 will be used to provide Personal Umbrella Liability Coverage. It includes coverage for the insured's liability for damages due to bodily injury, property damage, and personal injury that arises out of the insured premises and the personal activities of the insured, subject to the exclusions found in the policy and attached endorsements.

Coverage for liability for personal injury applies only when the underlying insurance has been extended to include such coverage.

Form UM 0001 also covers the insured's liability for bodily injury and property damage caused by a watercraft or a motor vehicle which is covered by underlying insurance, but only to the extent that such bodily injury or property damage is not excluded by the underlying insurance and is not otherwise excluded under the Personal Umbrella Liability policy.

Personal umbrella coverage does not include automobile no-fault, uninsured motorist, underinsured motorist, medical payments or similar coverage.

There is also coverage for the insured's liability for bodily injury and property damage caused by watercraft or a motor vehicle which is covered by underlying insurance, but only to the extent that such bodily injury or property damage is not excluded by the underlying insurance and is not otherwise excluded under the Personal Umbrella Liability policy.

Policy Limits

The basic Each Occurrence Limit for Personal Umbrella Liability Coverage is \$1,000,000. A higher Each Occurrence Limit of \$5,000,000 is available. Use the rating information shown in the rate pages. Contact the Home Office regarding limits in excess of \$5,000,000.

NOTE: There is a limit restriction of \$1,000,000 on High Profile Personal Umbrellas.

Retained Limit

When Personal Umbrella Liability Coverage applies to an occurrence that is not covered by the terms of underlying insurance, Form UM 0001 applies in excess of a \$1,000 Retained Limit.

The Personal Umbrella Liability policy may only be written for a term of one year, unless otherwise approved by the Company.

The amount of any return premium due because of cancellation or reduction in limits or coverage is calculated on a pro-rata basis.

Refer to the rate pages for the annual premium charge for each eligible business pursuit and farm activity.
