

EXPORTING DATA FROM CLIMATE FIELDVIEW CAB DESKTOP AND UPLOADING TO AEROS DATA PAGE

1. Enter the following URL to get to the Climate Fieldview desktop portal:

<https://fieldviewplus.com/login.htm>

2. Enter your Climate Fieldview Cab Username and Password

3. Click on the Data drop-down menu in the upper left-hand corner and select Data Manager

The screenshot shows the Climate Fieldview dashboard. At the top, there is a navigation bar with 'FIELDVIEW' on the left and 'Map', 'Reports', 'Data', and 'Import' on the right. The 'Data' menu is open, showing 'Field Manager' (Create or Edit Field List) and 'Data Manager' (Share Field Map Data). A red arrow points to 'Data Manager'. Below the navigation bar is a 'Harvest Summary' table with the following data:

Harvest Summary		2018	Corn
Total Acres to Harvest		0	
Harvesting Complete Goal		01/25/19	
Acres Harvested YTD		268.2	
% Harvest Complete		0.0 %	
Acres Remaining		0	

4. On the Data Manager page, you can export yield and as-applied planting data By Field, By Planter, or By Combine.

The screenshot shows the 'Field Map Data' section of the Data Manager page. There are three buttons: 'By Field', 'By Planter', and 'By Combine'.

5. Select the year of harvest or as-applied planting data that you want to export.

The screenshot shows the 'Field Map Data' section of the Data Manager page. There are three buttons: 'By Field', 'By Planter', and 'By Combine'. To the right of these buttons is a dropdown menu showing the year '2019'.

6. A list of your fields will be listed below. To **select all** the fields within Climate Fieldview Cab account, click the check mark box to the left of the Field column header. To select only a **single field**, click the check mark box right beside the field name.

Select All 

Select Individual 

Field Map Data			By Field	By Planter	By Combine	2018	▼
<input type="checkbox"/>	Field	Farm					
<input type="checkbox"/>	Home	Il home and Zwicker					
<input type="checkbox"/>	20	South 20					
<input type="checkbox"/>	62	62 acres north					
<input type="checkbox"/>	Winfield north	Winfield					
<input type="checkbox"/>	Moses north	Moses					
<input type="checkbox"/>	Corn	Carey					

7. Once you have selected your field or fields, click on the **Actions** drop-down menu in the upper right-hand side of the page and then click **Export DAT Files**.

Field Map Data								By Field	By Planter	By Combine	2018	▼	Actions
<input type="checkbox"/>	Field	Farm	Client	Field Pins	Acres Planted	Acres Applied	Acres Harvested						
<input type="checkbox"/>	Home	Il home and Zwicker	Braden acres	0	0	0	14						
<input type="checkbox"/>	20	South 20	Braden acres	0	0	0	6						
<input type="checkbox"/>	62	62 acres north	Braden acres	0	0	0	6						
<input type="checkbox"/>	Winfield north	Winfield	Rafter E Ranch	2	33.8	0	32.7			11/07/2018			

8. Once you have exported field DAT files, you can now download these files to your computer by clicking on the **Click here to download** text on the pop-up window.

Export Field DAT Files

Fields are ready to be downloaded

Click here to download

Close

9. These files will then be saved in your Downloads folder on your computer **unless** you specify a different folder.

10. Finally, upload your Downloaded Data into your Aeros account.
